

# Flow Cytometry: The Basics and Beyond!

**Tuesday 21st October 2025, 13:00-14:00**

CMMC Seminar Room, Building 66, Robert-Koch-Str. 21, 50931 Cologne

**Goodies provided!**

The CMMC and Proteintech, the antibody experts, are hosting a workshop for flow cytometry, taking you step-by-step through the technology, sample preparation, panel design, and analysis.

You will also hear about Proteintech's next generation tools - FlexAble 2.0 antibody labeling kits and FcZero antibodies - and learn how they can revolutionize your workflow.

## Features:

- Introduction to flow cytometry workflow, common issues, and troubleshooting
- In-depth Q&A
- Certificate of attendance
- Contact [freya@ptglab.com](mailto:freya@ptglab.com) for free FlexAble 2.0 samples

**Scan to register your  
free place!**

Workshop led by Dr. Marina Able - Scientific Marketing Specialist, Proteintech
