

CMMC New Gene Postdoc Appreciation Event

supported by **Proteintech**

24th of September 2026

5:15 p.m.

CMMC Seminar Room

Dr. Sadig Niftullayev

MPI for Biology of Ageing (AG Langer)

Talk: "Nucleotide metabolism and senescence"

Dr. Elnaz Amanzadeh

CMMC (AG Zempel)

Talk: "Bridging omics and biology: Translating proteomic profiling into functional insights"

Dr. David Gomez

CECAD & MPI of Biophysics (AG Garcia)

Talk: "From physics to cell fate: How membrane mechanics controls NINJ1 activation"

**Celebrate the work of postdoctoral researchers
during National Postdoc Appreciation Week.**

Join us for research presentations, networking, pizza, refreshments and games. All students, researchers, staff and postdocs are welcome.
