CMMC CENTER FOR MOLECULAR MEDICINE COLOGNE

Make your data glow!

Immunofluorescence Imaging Workshop

Wednesday, November 25th, 2026

10:00 - 12:00

CMMC Seminar Room, Building 66

Join the CMMC and Proteintech for this immunofluorescence workshop and learn from antibody experts as we guide you through IF workflow, and advanced troubleshooting.

You'll also discover how next-generation imaging tools such as nanobodies and antibody labeling can benefit your experiments and enhance your multiplexing capacities.

Features:

- In-depth Q&A
- Free goodies and sweets
- Product test samples (email freya@ptglab.com)
