In cooperation with

CENTER FOR
MOLECULAR MEDICINE COLOGNE

Transnetyx®

Suite of Services Table Top and Seminar

INCREASE THE EFFICIENCY AND REPRODUCIBILITY OF YOUR RESEARCH

Transnetyx will be visiting the Center for Molecular Medicine Cologne on March 12th at 9.00. After lunch, we will host a seminar on our Automated Genotyping, Genetic Monitoring, and Microbiome Analysis services. We look forward to meeting you there!

EVENT DETAILS

DATE: Thursday, March 12th

TIME: 9.00 to 12.30 Table Top
12.30 Lunch
1.00 to 2.00 Seminar

LOCATION: CMMC Research Building
CMMC Seminar Room (Building 66)
Robert-Koch-Str. 21
50931 Cologne, Germany

CO-HOSTS: Prof. Dr. Branko Zevnik and
Dr. Debora Grosskopf-Kroiher

ADDITIONAL SERVICES

Ensure that your research is fully protected with the full Transnetyx Suite of Services. In addition to Transnetyx Automated Genotyping, we will cover Transnetyx Genetic Monitoring and Microbiome Analysis, and how these services allow you to safeguard your research, ensuring it is both responsible and reproducible.

Automated Genotyping

Fast, easy, and accurate. Our Fully Automated Genotyping includes results delivered within 72 hours, with a proven accuracy rate of 99.97%.

Genetic Monitoring

Protect your valuable colonies and vital research before it's too late with our 10,000 SNP Genetic Monitoring panel covering 241 strains.

Microbiome Analysis

Shifting gut microbiomes can significantly alter the phenotype of your mice. Safeguard your colonies with our shallow shotgun, next-generation sequencing.
