On-site seminar

From Cell Imaging to Single-Cell Insights: Phenotypic cell sorting & single cell multiomics uncovering new biological insights

We are pleased to invite you to the upcoming Image-Based Cell Sorting, Single-Cell and Multiomics Seminar, hosted by the Center for Molecular Medicine Cologne (CMMC). During this seminar, leading experts will share insights from their latest research and discuss practical applications of cutting-edge technologies. In addition, Waters Biosciences will showcase innovative solutions, including the BD Rhapsody™ Single-Cell Analysis System and BD CellView™ Image Technology, together with associated bioinformatics tools.

Date: December 8, 2026 | 11:50 – 15:30

Location: CMMC | Robert-Koch-Str. 21 | 50931 Cologne | Seminar Room CMMC | Research Building | Building 66

Agenda

11:50 – 12:00	**Welcome**
12:00 – 12:20	**Seeing, Sorting, Sequencing: How BD Cellview™ can enrich Single Cell Discovery** *Dr. Moritz Winker, Flow Cytometry Application Specialist, Waters Biosciences (formerly BD Biosciences)*
12:20 – 12:50	**Towards flow cytometry standardization: from data acquisition to analytical approaches** *Dr. Lorenzo Bonaguro, Group Leader Molecular and Translational Immunomics, DZNE Bonn*
12:50 – 13:30	*Lunch*
13:30 – 13:50	**Driving cost efficiency in high-throughput single-cell sequencing from CITE-Seq to Epigenomics** *Ray van Haaren, Single Cell Solution Architect, Waters Biosciences (formerly BD Biosciences)*
13:50 – 14:20	**Deep immune profiling delineates hallmarks of disease heterogeneity in extrapulmonary tuberculosis** *Dr. Sebastian Theobald, Senior Scientist ' Translational Research Unit Infectious Diseases, University Hospital Cologne*
14:20 – 15:30	*Q&A and Networking Opportunity*

Hosts

Dr. Debora Grosskopf-Kroiher
Managing Director
Scientific Coordinator, CMMC

Dr. Sebastian Theobald
Senior Scientist, CMMC
