

Know you've picked the ideal match

During this event, you'll learn about the latest products, tips and resources to help maximise your success in gene expression profiling, pathway analysis, detection of fusions, microRNA analysis and biomarker discovery. We'll help you find the gene expression solution that matches your unique needs.

Date: 12.02.2019, Tuesday – 13:00

Topics:

13:00 - 13:45: Choosing the right tool for the job: Gene expression microarrays and/or RNA-seq

13:45 - 14:00: Coffee Break

14:00 - 14:45: qPCR TaqMan Assays: Chemistry and Formats

14:45 - 15:25: New Ion Torrent NGS platforms: From targeted to transcriptome sequencing
